## DETAILED ACTION

### CONTINUED EXAMINATION UNDER 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after allowance or after an Office action under *Ex Parte Quayle*, 25 USPQ 74, 453 O.G. 213 (Comm'r Pat. 1935). Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, prosecution in this application has been reopened pursuant to 37 CFR 1.114. Applicant's submission filed on 08/28/2007 has been entered.

### RESPONSE TO ARGUMENTS

2. Applicant's arguments, see pages 6-7, filed 03/27/2007, with respect to claim 3 have been fully considered and are persuasive. The rejection of claims 2-3 and 5-8 has been withdrawn. Currently, claims 1 and 4 are canceled and claims 2-3 and 5-8 are pending for examination.

### I. INFORMATION CONCERNING OATH/DECLARATION

#### Oath/Declaration

3. The applicant's oath/declaration has been reviewed by the examiner and is found to conform to the requirements prescribed in 37 C.F.R. 1.63.

## **II. INFORMATION CONCERNING DRAWINGS**

### **Drawings**

4. The applicant's drawings submitted are acceptable for examination purposes.

## **III. ACKNOWLEDGEMENT OF REFERENCES CITED BY APPLICANT**

5. As required by **M.P.E.P. 609(C)**, the applicant's submissions of the Information Disclosure Statement dated August 28, 2007 is acknowledged by the examiner and the cited references have been considered in the examination of the claims now pending. As required by **M.P.E.P 609 C(2)**, a copy of the PTOL-1449 initialed and dated by the examiner is attached to the instant office action.

## **IV. EXAMINER'S AMENDMENTS**

### **OPTIONS AVAILABLE TO THE APPLICANT**

6. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by **37 CFR § 1.312**. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

### **CORRECTIONS MADE IN THE APPLICATION**

7. The application has been amended as following:

#### **IN THE CLAIMS:**

Original claim 3 and 5-8 have been renumbered as following:

<u>Original claim numbering</u>	<u>New claim numbering</u>
3	1
5-8	3-6

## **V. DISTINGUISHING FEATURES RECITED IN THE CLAIMS**

### **ALLOWABLE SUBJECT MATTER**

8. Claims 2-3 and 5-8 have been renumbered as claims 1-6 are allowed.

9. The following is an Examiner's Statement of Reasons for Allowance, See **MPEP 1302.14:**

The primary reasons for allowance of claim 3 (renumbered claim 1) in the instant application is the combination with the inclusion in the claim that there are "... a service class characteristic table setting characteristics for each packet in advance for the simulation of statuses of transferring packets having a variable length in an IP network by defining a packet control operation for each received packet, corresponding to a service class, which is identified by the TAG information; a conversion table in which allocated areas of said buffer memory corresponding to service classes are stored, and a packet output control portion controlling packets to output from the buffer memory, wherein said conversion table modifies the allocated areas of said buffer memory according to the number of service class settings in said service class characteristic table and defines output physical ports, the areas of the buffer memory being allocated based on said

output physical ports, and said packet output control portion managing the areas of the buffer memory from which packets are to be read out and the order and time of reading out the packets, according to contents stored in the conversion table, so as to perform the characteristics for each packet set in the service class characteristics table" The prior art of record including the disclosures of Applicant's Admitted Prior Art and Nagarajan et al. (US Patent 6,240,066) neither anticipates nor renders obvious the above recited combination. Because claims 2 and 5-8 (2-6) depend directly or indirectly on claim 1, these claims are considered allowable for at least the same reasons noted above.

10. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
